

Greenville County Bird Club Trip Report

Date: May 14, 2011

Location: Blue Wall Heritage Preserve, Greenville County, SC

Leaders: Jerry Johnson

Comments: Eight individuals spent the morning at the Blue Wall Preserve. A lot of birding was done by ear but it ended up being a beautiful and enjoyable day. After the birding two of us caught a “Bass” but one individual opted out for a Michelob Ultra. We’ll have to work on thatJ. After an enjoyable lunch three of us walked around FENCE. I do mean walked because birding was exceptionally slow and we only added one or two species to our list.

Bird List:

- Canada Goose
- Turkey
- Turkey Vulture
