

Greenville County Bird Club Trip Report

- Date:** January 22, 2011
- Location:** Lakes of Northern Greenville County, Greenville County, SC
- Leader:** JB Hines
- Comments:** We had an excellent turnout (14) for the Lakes of Greenville County outing on January 22, 2011. Although the morning started out really cold at ~25F, conditions were reasonably good for seeing birds. The best species were Am. Black Duck, Herring Gull, Winter Wren, Fox Sparrow and Rusty Blackbird. The diversity of waterfowl on Berry's Pond was lower than previous outings there. I stopped there on my way home at 3:00p and found considerably more Mallards (>50) as well as Bufflehead, Ring-necked Ducks, and Gadwall.
- Bird List:**
- G-b Heron
 - Canada Goose
 - Wood Duck
 - Am. Black Duck
 - Mallard
 - Bufflehead
 - Hooded Merganser
 - B. Vulture
 - T. Vulture
