

Greenville County Bird Club Trip Report

Dates: August 28, 2010

Locations: Cottonwood Trail, Spartanburg, SC

Leader: J.B. Hines

Comments: The August 28, 2010 Greenville County Bird Club outing to the Cottonwood Trail in Spartanburg, SC was a great success with excellent weather, 17 participants and excellent numbers of bird species. The best bird was a very cooperative fly-over White Ibis. We also got 13 species of warblers which was outstanding for this early date during fall migration. The Kentucky and Canada Warblers were especially good finds.

Bird List: Number of species: 59
